Academy of Health Professions

The Medical Magnet Program at Tampa Bay Technical High School is one of the most comprehensive Medical Magnet Programs in the country. The Academy of Health Professions facilitates the development of marketable skills to prepare our graduates to enter the medical job market at the aide or assistant level. Academy students are also prepared for post-secondary, technical, or college/university education. Specific medical course work and laboratory experiences are provided, as well as extensive clinical, career, and post-secondary education choices.

Tampa Bay Technical High School is highly ranked in the county for College Advanced Placement and Dual Enrollment courses. The school also offers a comprehensive selection of extra-curricular activities including sports, band, orchestra, and a variety of career/interest clubs.

You can have it all when you come to the ACADEMY OF HEALTH PROFESSIONS at Tampa Bay Technical High School
